SUBJECT: ISN LETTER OF THANKS FOR PSI PRESENTATION

REF: STATE 023570

**¶1.** SUMMARY AND BACKGROUND: On May 29, 2008, the United States hosted a Proliferation Security Initiative (PSI) Outreach Workshop in Washington, attended by representatives of 21 countries that have not yet endorsed the PSI, as well as most of the 92 PSI participating states. The workshop provided detailed information on the broad range of PSI activities and tools that have been developed for training, organizing for, and conducting interdictions of shipments of proliferation concern. BG Jean-Marc Laurent, Deputy to the Director for Strategic Affairs, French Ministry of Defense, gave the opening presentation on the Principles of PSI (copy can be forwarded upon request).

**¶2.** ACTION REQUESTED: Embassy is requested to deliver under appropriate cover the following letter from Acting Assistant Secretary Patricia Mc너ney to BG Laurent, thanking him for his presentation. There will be no signed original.

**¶3.** Begin text of letter:

Dear General Laurent:

I would like to thank you for giving the presentation on "PSI Principles" at the May 29, 2008 Proliferation Security Initiative (PSI) Outreach Workshop in Washington, DC. Your opening presentation made an important contribution to the Workshop by introducing the fundamental principles of the PSI to non-PSI countries.

I believe the Outreach Workshop was very successful both because it informed states of the many ongoing PSI activities and because it provided states with concrete ways to improve their capabilities to stop WMD-related trafficking. The United States greatly appreciates the significant role that France plays in advancing the PSI's goals, including in outreach. We believe that we must continue PSI outreach, both to encourage more states to endorse the PSI and encourage states that have already endorsed to participate more actively. We look forward to continuing our work together in support of the PSI.

Sincerely,

Patricia A. Mc너ney  
Acting Assistant Secretary for International Security and Nonproliferation,  
Department of State
